Highlights

- **Low hours**
- **One Owner**
- **Fast and fun**
- **Rare model**

Additional Information

Every inch of the Sportjet has been designed to work perfectly as both a tender and a ski boat, or as a standalone boat for weekend wakeboarding. The BRP Rotax jet engine is clean, quiet and safe with no exposed moving parts. A large aft platform and bathing ladder make it easy to get in and out with your gear, and a removable ski pole comes as standard. Rear-facing seats mean passengers can watch the action, and there's the option to add a sound system for skiing to your favourite tunes.

The smallest of the range packs a massive punch, reaching speeds of up to 45mph (72kph). It's a great ski boat and is easy to tow to the slipway and get into the water. Throw in your skis and boards, and get your fill of adrenalin. The clever layout and stable design is also perfect for tender duties. The spacious comfortable interior can seat up to five adults, and with its storage locker and convertible sunbathing pad, it's perfect for day trips.
