

2006 Sunseeker Xs £149,950 VAT Paid

2006 SUNSEEKER XS SPORT. Fitted with Twin Yanmar 880 horse power turbo charged engines. Only 130 hours use from new and with a top speed performance of 60MPH.

The "Casino Royale" or "Double OH 7" is a limited edition of the XS Sport. This 38 foot boat is 1 of only 4 of this model built with the larger Yanmar engines in the Sport open cockpit version. It is a real head turner and a unique opportunity to own something rather special.

The owners attention to detail is meticulous and he has refurbished and improved the original boat at a cost of over £60,000 to present the boat in almost new condition, the boat has done less than 130 hours in total and in the last few years stored inside covered up except for occasional use in the summer where on each time it is returned the custom made trailer on the dock, washed and covered up.

Both upper silver and black hull have been repainted although little was wrong with original, the hull finish is a high polish finish and truly stunning

Both engines were removed, rebuilt and dyno run at Golden Arrow with some performance improvements.

The Buzzi drive components all rebuilt
New Fusion Stereo fitted and Ray Marine Plotter
In 2015 the decks were restored and re sika flexed

A custom carbon awning was built using carbon poles and sail material for those days at anchor
New upholstery was fitted with silver and matching
