

1980 Westerly Konsort £12,995 VAT Paid

1980 Westerley Konsort 29.

A rare lifting/swing keel version of the old classic Westerly Konsort 29. This boat comes fit with a Bukh 20hp 2 cylinder diesel engine which was previously overhauled back in 2010.

The Westerly Konsort is a 5/6 berth spacious aft cockpit cruising yacht with as much performance as a fin keel yacht but with the benefit of the shallow draft with the keel up. Designed by Laurent Giles and built by Westerly Marine Construction in 1980.

Wide beam and full sections forward with the traditional layout make for an unusually large forward cabin and a very spacious saloon. Only a small number of the lift/swing keel models were built where they proved themselves to be extremely good performers especially when compared to the twin keel examples.

For more details regarding the Westerly Konsort 29 please email sales@boats.co.uk or call us on 01702 258 885.

Specification

Stock number:	EB3538
Manufacturer:	Westerly
