

2003 Morgan 44 (Water Damaged) £99,950 VAT Paid

2003 Morgan 44 fitted with twin Yanmar 6LY2ASTP inboard diesels engine. This boat ran a ground pulling out the port stern tube and gear. The starboard is fitted but damaged. Stern was submerged, bow has had some water running around when the boat was recovered. All water removed. Both engines have been removed and first aided by local engineers upon recovery (we will show running). Gearboxes require attention. Due to the nature of sale please assume it will need a refit with all electrics needing to be replaced.

This is a rare boat and would make an ideal winter project for someone - Once completed it will look beautiful

Please call Boats.co.uk on 01702 258885 for more information or to arrange a viewing
