

2018 Narrow Boat 60ft £84,950 VAT Paid

2018 60ft Narrow boat built by Mike Christian & Nottingham Co fitted with a single Vetus M4.45 diesel engine - This Narrow boat is just 2 years old and ready to move into straight away.

Through the years the majority of narrowboat interiors have been of varnished timbers of one kind or another, which sometimes can make them rather dark. Dynasty on the other hand completely breaks the mould in this respect, if your preference is for bright colourful finishes this could be the perfect boat for you. Like brand new, with only 2 hours on her engine, the first time she got her bottom wet was when she was craned into the water at Crick. The REVERSE layout is perfect for a family as children will love their own bedroom with bunk beds, which is situated in the centre of the boat allowing a private master bedroom in the bow. There is even another two berths available on the well thought out extending L-shape settee. The joinery is all to a high standard with hard wearing easy-clean surfaces on birch plywood (not mdf) including Karndean flooring throughout. The cabin extends all the way to the foredeck giving more usable room inside but still with a sociable cruiser deck.
