Additional Information

The 243 VRX jet rates as one of the finest sport boats ever produced in Chaparral's 50 year history. It is a dedicated watersports platform that includes a tower and Bimini, along with a high tow point for wake surfers. Medallion Touchscreen with Rotax Speed-Control Functions. The standard 6.5" (16.5 cm) Medallion touchscreen makes it easier to access the Rotax control functions. This adds precise control over maximum speed, towing parameters, fuel efficiency, and a reduced power setting for docking. Additional features include a moving map display, digital depth and bottom scan readouts, control of the premium stereo system and fuel economy displays.
