## **Additional Information**

((Engine Manufactores description of the engines when new))

The HP500 continues to provide flawless performance as the exclusive power of the APBA's exciting Factory V-Bottom Series. The ensemble of a hydraulic roller camshaft, Dart single plane intake manifold and Holley 800 CFM carburetor give the HP500 its renowned performance characteristics: ultra-smooth idling, instant throttle response, and unprecedented reliability. Both engines are available with 1.36:1 or 1.50:1 gear ratio Bravo One Drive or Bravo One Performance Drive options in either right-hand or left-hand rotation and are backed by a one-year limited warranty and a three-year limited corrosion warranty.
