

Jeanneau Sun Fast 37

£9,950 VAT Paid

Jeanneau Sun Fast 37 project boat. The Jeanneau ran aground causing the keel to push upwards and the mast took the load. There is hull damage to the starboard side where the keel meets the hull and to the bow areas. See picture. There was minor water ingress but the Yacht did not sink and the engine was not effected by any water. If steamed under its own power to the shore and was lifted out. The mast has a crack localised to where it goes through the deck. It could be repaired by a professional company. The Yacht is presented as a project boat and inspection on site are welcome. Please call 01702258885 for details.

Specification

Stock number:	ES3942
Manufacturer:	Jeanneau
Model:	Sun Fast 37
Year:	
Price:	£9,950 VAT Paid
