

## 1994 Ferretti 150 Fly £95,000 VAT Paid

1994 Ferretti 150 FLY fitted with twin Detroit 6V diesel engines with approx. 2.000 engine hours - Ferretti build quality and classic looks of this popular Fly model allows you to enjoy boating with all extras you would want - generator, air conditioning, hydraulic passerelle and much more. Lying in mainland Spain and ready to be viewed.

For more information please contact Boats.co.uk Mallorca office - your official Distributor of Fairline Yachts in Balearics - 0034 606 396 500 or joe@boats.co.uk

Seralia comes from the pedigree stable of Ferretti and has taken the years extremely well. Finished in the classic hard wearing off white gel coat there is no discernable chalking of the gel coat even on the most exposed areas. Measuring just under 16m in length, Seralia is a tardis of a boat perfectly suited to med family cruising. The large bathing platform comfortably takes the included 3.6m Walker Bay rib, loaded easily with the swing out 200kg crane or with the Opacmare Passerelle there is still plenty of room to board from a low dock or tender. From a high quay, the remote controlled extending passerelle makes boarding directly into the huge cockpit very easy.

Once on board you are greeted with a shaded teak laid cockpit big enough for 6 to dine in comfort using the cleverly stowed cockpit table and directors chairs in conjunction with the fixed aft bench. Beneath the bench you will find a compact yet functional crew cabin perfect for an occasional berth or for a single crew member. A Ferretti hall mark is the lifting saloon screen which wonderfully connects the interior to the cockpit, allowing breeze and conversation to flow through the boat. To the right are the steps to the enormous flying

## Specification

Stock number:	EB0003
Manufacturer:	Ferretti
Model:	150 Fly
Year:	1994
Price:	£95,000 VAT Paid
Location:	Spain, Spain

<b>Dimensions</b>	0 kgs
