

## 1979 Princess 33 Flybridge £12,950 VAT Included

1979 Princess 33 Motor Yacht. Being sold as a water damaged project boat. This Princess suffered the damage when running aground and being submerged in fresh water. There is damage to the hull to the keel on the hull and the outdrives. With all project boats a viewing of the effected areas is recommended. It is assumed that all electrics require attention and the hull requires repair work. The Mercruiser 4.3L volvo petrol engines are out of the boat and can be seen running. The outdrives are available and removed from the hull. There is no survey available and no inspection has been carried out. The buyer must remove the boat from the marina as we require the berth space. Contact Darren on 07717201688.
