

2004 Hanse 312 £24,950 VAT Included

2004 Hanse 312 (Project Boat). This Hanse broke free and ran aground causing the lower drive gasket to come away. That caused it to be partially submerged. *(You can see the tide line on the pictures). The Yanmar engine was first aided and is a runner and can be seen working. The lower drive unit requires a new gasket and can be serviced and rebuilt. As the Hanse was not completely submerged and the Mast, boom, rigging, sails onboard and are sold unchecked. The interior upon first impression is in good condition and all electrics are untested. This Project is available at a fraction of the cost of a ready to go boat. If you are seriously interested there is a lot to like about this Hanse project and it will not take much to get it back on the water. If you have the skill set to take on this project then on-site viewings are encouraged. The Hanse must leave the marina when sold and we can help with transport quotations.

For more information or to arrange a viewing please contact Darren on 07717201688.

Specification

Stock number:	ESM026
Manufacturer:	Hanse
Model:	312
Year:	2004
Price:	£24,950 VAT Included
Location:	Essex, United Kingdom

Dimensions	0 kgs
LOA:	9.5 m - 31ft 2in
Beam:	3.2 m - 10ft 6in
Draft:	1.75 m - 5ft 9in
