

## Springer Narrow Boat 40FT (Project Boat) £5,950 VAT Included

Project Boat. This is a 40FT Springer Narrow boat hull. The vessel was submerged due to rising water levels and a static mooring line that then pulled the boat under. From visual appearance there is no damage to the hull structure and the interior has not been removed. This is an ideal project for someone looking to fit out the hull to their taste. The engine is a 2 cylinder lister diesel that had emergency repairs and will start and run. It will need electrical works.
