

1987 Trader Royal Yacht 47 (Project Boat) £37,500 VAT UK TAX paid

1987 Trader Royal Yacht 47, (Project Boat)
This Trader has been subject to heat damage on the Starboard side as seen in photos. The Trader has Twin Volvo TAMD 71A Diesel Engines. The analogue dials show 1330 hours but not confirmed. The fire was on the land near the boat so not directly on the Trader. The heat damage is mostly to the cosmetic items such as windscreen dash plastic domes etc. (see pictures) There is no direct structural damage to the hull from the heat. These Trader have a huge layout, great potential for a livaboard.

Both engines run and gearboxes work However, the electronic controls at the helm do not sync with the engines. We have run them direct so know this. It also has had new Stainless fuel tanks fitted in the last couple of years as the old ones were know to rot out.

The boat was used as a livaboard up in London until 1 year ago. This Trader can be moved by road.

The Trader is supplied untested and no warranty is supplied. Inspections/viewings welcome, based in Essex near Rochford.

Notes:

Sold as seen

No warranty implied or given

Collection only.

Contact Darren on 07717 201 688 with any questions.

Specification

Stock number:	ESM062
