

2017 ZAR ZF-2 dinghy £10,000 VAT Included

Rigid Inflatable Boat (RIB) equipped with a Suzuki Four Stroke outboard engine. The tender features a durable fiberglass hull with inflatable Hypalon or PVC tubes, ensuring high stability, impact resistance, and optimal buoyancy. Designed for yacht tender and light transport applications, it provides excellent maneuverability and performance in a compact form. The Suzuki Four Stroke outboard delivers efficient fuel consumption, low noise, and reduced emissions, offering dependable propulsion with minimal maintenance requirements.

Construction: Fiberglass hull with inflatable collars/
Propulsion: Suzuki Four Stroke outboard motor (manual or electric start, tiller or remote control depending on configuration)/
Use: Yacht tender, crew transfer, or leisure applications/
Features: Lightweight, easy to launch, stable at low and high speeds, compliant with modern emission standards.
