Manufacturer:	Princess
Model:	R35
Year:	2020
Price:	£399,950 VAT UK TAX paid
Location:	Boats.co.uk HQ, Essex Marina, United Kingdom

Dimensions

LOA:	10.89 m - 35ft 9in
Beam:	3.27 m - 10ft 9in
Draft:	0.76 m - 2ft 6in
Displacement:	6000 kgs
Freshwater Capacity:	140 litres

Engine(s)

Engine Mfr:	Twin Volvo V8-430 Petrol Engines
Fuel:	Petrol
No of Engines:	2
Engine Power (HP):	430

Accommodations

Guest cabins:	1
Guest berths:	2

Highlights

- Stunning Princess R35
- AFS (Active Foil System)
- Twin Volvo V8 petrol engines
- Rare opportunity

Additional Information

Hydrodynamics are the new fast forward in yachting. The Princess Active Foil System (AFS) developed in partnership with BAR Technologies - the British company behind Britain's attempt to win back the America's Cup, works in conjunction with the hull to dramatically improve stability, comfort and seakeeping whilst reducing drag by up to 30%. Port and starboard foils adjust independently of each other, their positions calculated 100 times per second by an onboard computer to re-define ride comfort and high-speed cornering ability. Unlike other foil technologies, AFS does not lift the hull out of the water. Instead, it adjusts the heel angle and attitude of the boat ensuring the most effective contact area at the bow at any speed for stable travel and extreme levels of grip. A mode selector at the helm allows you to choose between Sport and Comfort control algorithms which adjust the attitude and responsiveness of the foils to suit your wishes. AFS works with the sea rather than battling against it, providing a completely new, on the water experience.

Accommodation

Shower

Galley

Fridge - Drawer fridge fitted under helm seat and icemaker fitted to galley

Navigation Equipment

Navigation lights

Compass

VHF

Plotter - Twin Garmin 17" touchscreen displays which control all boat systems and navigation

Speed instrument
