

2008

Sealine Sc29

£34,950 VAT UK TAX paid

PROJECT BOAT – 2008 Sealine SC29 ; An excellent opportunity for someone looking for a desirable Sealine model that's a rewarding project. This 2008 Sealine SC29 offers fantastic potential once restored, representing a rare chance to acquire a desirable model at a fraction of its usual value.

The vessel previously ran aground and subsequently took on water, resulting in hull damage and submersion. The damaged hull has been professionally repaired to a high standard. The Volvo D3 engines and outdrives have been removed from the boat. One engine is running; the second has had the head removed and will require a rebuild. Both outdrives and propellers have sustained damage and will need full reconditioning.

The interior and systems will require a comprehensive clean, rewiring, and general refurbishment throughout. Once completed, this SC29 could make an exceptional cruiser with strong resale value.

Key Points:

- 2008 Sealine SC29 – highly sought-after model
- Project boat ideal for skilled restorers
- Volvo D3 engines included (one running, one requiring rebuild)
- Outdrives and props included but need full refurbishment
- Hull and systems require restoration following submersion
- No warranty given or implied
- Collection only – boat must be removed within 2 weeks of sale
- All sensible offers considered

On-site viewings are encouraged so you can fully assess the scope of the project.

To arrange an appointment, please contact Darren 07717 661222
