

2017 STORMWAY 925 EVENT £50,000 VAT Excluded

FOR SALE 2017 STORMWAY R925 EVENT RIB. (REF: RIB 2) Fitted with Twin Mercury 3.0L Racing DSI Diesel Outboards with 175 hours. This is a great opportunity to acquire a serious commercial grade performance RIB. The Stormway R925 Event is a superb example of Scandinavian offshore engineering, a rugged, fast, and highly capable 9.25metre RIB designed for demanding commercial or just fun event support roles. Built to handle tough conditions with confidence, the R925 combines a deep-V hull, heavy-duty tubes, and a practical deck layout ideal for passenger transfer, safety operations, or high-speed charter work. Powered by twin Mercury 3.0L Racing DSI diesel outboards, this boat delivers exceptional torque, impressive fuel efficiency, and the reliability expected from a professional-grade propulsion package. The diesel setup also offers lower running costs and enhanced safety for commercial operators. Key Features • Year: 2017 • Length: 9.25m • Engines: Twin Mercury 3.0L Racing DSI diesel outboards • Configuration: Event / commercial spec • Hull: Deep-V offshore design for superb handling • Build Origin: Norway — renowned for robust, cold-water RIB construction • Deck Layout: Spacious, practical, and adaptable for multiple operational roles • Performance: High-speed capability with excellent stability and control Condition The boat presents very well for its age, with solid structural integrity and a clean, professional appearance. The engines are known for their durability and strong mid-range performance, making this an ideal platform for commercial operators seeking reliability and efficiency. Ideal For • Event support & VIP transfer • Commercial charter or sea-safari operations • Safety boat duties • Patrol, response, or workboat applications • Private owners wanting a serious offshore RIB with diesel economy Summary The Stormway R925 Event is a high-quality, professional-grade RIB designed for demanding commercial or event support roles.
