**£68,000 VAT UK TAX paid**

For Sale: 2006 Aluminium Boat Company - Commercial 10 "Project Cat"

This vessel is being sold as a project following a full submersion caused by an exhaust failure. It is equipped with twin John Deere diesel engines, both of which have been run post-recovery and are mechanically sound, though they will require a full service.

Ideal opportunity for someone looking for a solid catamaran platform to rebuild to their own specification.

All viewings are welcome. Please note: the boat must be removed from the marina, as we require the berth space. For more information or to arrange a viewing, contact: Boat Salvage UK 01702 258885 // [www.boatsalvage.uk](http://www.boatsalvage.uk)
